

# On-site Childcare

## TDM MEASURE:

The Development Project shall include an on-site childcare facility to reduce commuting distances between households, places of employment, and childcare. The on-site childcare facility must comply with all state and City requirements, including provisions within the San Francisco Planning Code.

### DEVELOPMENT REVIEW:

The property owner shall describe the childcare facility space and submit plans that identify the location of the space for the childcare facility. City staff shall review the proposed plans to ensure that the child care facility meets the standards and minimums specified in this measure and the Planning Code.

### PRE-OCCUPANCY MONITORING AND REPORTING:

The TDM Coordinator shall facilitate a site inspection by Planning Department staff to verify that the childcare space has been constructed as specified in the project approvals.

Additionally, City staff shall provide the TDM coordinator with a copy of the approved TDM Plan. The TDM coordinator will provide City staff with a signed letter agreeing to distribute the TDM Plan via new employee packets, tenant lease documents, and/or deeds.

### ONGOING MONITORING AND REPORTING:

The property owner shall submit a letter from the contracted childcare provider that includes a description of the services provided (days of the week, hours, etc.) and the provider's contact information to verify the availability on-site childcare services, OR if no childcare provider has been retained, document outreach efforts to childcare providers. City staff will perform one site visit every three years to verify that the project continues to meet the standards specified in the project approvals.

#### APPLICABILITY:

This measure is applicable to Development Projects in land use categories A, B, and C.
